WEDDING & EVENT FLORAL DESIGN SPECIALIZING IN STYLISH WEDDINGS & EVENTS IN SOUTHERN CALIFORNIA

Suzan M Florals has been transforming settings into picturesque events that never fail to enchant guests and delight the senses. Suzan M Florals will breathe life into your visions and ideas to make your celebration a phenomenal success that neither you nor your guests will want to forget.

To truly customize your flowers, we love to hear about all the details you've poured your heart and soul into so far. On the next pages you'll find our pre-consult overview of pricing and questionnaire which allows us to get a complete vision of your big day. After we receive your responses, we'll get together at my home studio for a consult. It's helpful if you bring along fabric swatches, photos, invites, etc... anything that will help convey the feel of your wedding. We'll sit and chat and look over photos until we have all the details in place. Allow about an hour or so for this initial meeting. If you are out-of-town, we can always schedule a phone consult as well.

“I truly delight seeing a bride view what we have created for her special day and say it is better than she ever imagined. My love for weddings is in the details and a vision to create something breathtakingly beautiful.”

Suzan blends passion, creativity, and artistry into every occasion, and leaves nothing to chance. Every flower is painstakingly hand selected to ensure that every aspect of our design is vibrant, fresh and exceptional.
